Peek Inside the Book

Our fascination with change wont, of itself, make it more likely or more rapid. Come 2020, Im confident that Australia will still have one of the worlds strongest economies because the current yearning for magic-pudding economics will turn out to be short-lived. The United States will remain the worlds strongest country by far, and our partnership with America will still be the foundation of our security. We will still be a crowned republic because we will have concluded...

In the narrative of the left, Australia was a boring outpost of the British Empire until Gough Whitlam became prime minister, formally ended the White Australia policy, instituted multiculturalism and gave Aborigines land rights. Whitlams brief government was certainly a cultural watershed, but not everything that happened before 1972 is irrelevant and not all that happened afterwards is admirable. Australia was never quite the antipodean England of left-wing...

Reader's Opinions

Tony Abbott's Battlelines is indicative of who Tony Abbott is at his very core, a deeply confused politician. I remember reading David Marr's essay on Abbott, and one passage stuck out on how Tony Abbott "walks back" his views over the years and apologises for or indeed completely changes his thinking on any given topic. You never quite...

Self indulgent; enough said.
