Reader's Opinions

I really enjoyed this book. I will admit I took a break from reading it in order to finish off one or two others I had started, but coming back to it, I fell head first into it all over again and couldn't for the life of me figure out why I put the other books I was reading ahead of this one. Maybe I needed a break from the romance novel....

The cat makes the story! it would have been just another romance without Familiar. I enjoyed the story and it's a good summer read.
