## Peek Inside the Book

The emergence of intelligent algorithms and networks such as LaunchCode, which can be used by employers as trusted validators to sow people into the system and not weed them out of it, holds the promise of unlocking a lot of wasted talent. Says Lewis: If you can do the job, you should get the job. Fortunately, Thomas L. Friedman,...

We go to school for twelve or more years during our childhoods and early adulthoods, and then were done. But when the pace of change gets this fast, the only way to retain a lifelong...

## Reader's Opinions

I would give this one ten stars if I could! By far the best explanation of the world today viewed through the lens of Technological Change, Globalization and Climate Change (or as Friedman refers to them Moore's Law, The Market and Mother Nature). Balanced, non-partisan and optimistic, I would recommend it as the best guide that I've...
