# SHIPPING GREATNESS: PRACTICAL LESSONS ON BUILDING AND LAUNCHING OUTSTANDING SOFTWARE, LEARNED ON THE JOB AT GOOGLE AND AMAZON

Need a shortcut to a degree in shipping great software? Successful team leaders must have an extremely broad skill set to find the right product, work through a complex and ever-changing development process, and do it all incredibly quickly. In this guide, Chris Vander Mey provides a simplified, no-BS approach to the entire software lifecycle, distilled from lessons he learned as a manager at Amazon and Google.In the first part of the book, you'll learn a step-by-step...

Reader's Opinions

I didn't really care for this book or get much out of it, but I'm also clearly not the target audience of the book, as I'm not a team lead or in charge of shipping anything. Maybe I'll read it again if I ever find myself in such a role, but my guess is there's a bunch of other better books out there on this topic.

I'm biased because I know Chris AND I'm a Product Manager at Amazon but I was honestly impressed by this practical book on Product Management for techies. It's filled with solid advice for what it means to own all the aspects of...
